Sizing of Wreaths: The designated size of the wreath represents the diameter of the ring that the wreath is built on. The actual size of the wreath will extend several inches beyond the ring. The 12" wreaths offered in the past had an overall diameter of 22". The 16" wreaths have the overall diameter of 30". The 12" & 16" wreaths are the most popular sizes for hanging on doors.

Bows: The bows utilized on wreaths, crosses and kissing balls are a durable waterproof velvet-type bow.

Wreaths Decorated: In addition to a red bow, these Wreaths are decorated with gold-color glass balls, pine cones, berries and an assortment of other decorative holiday items for a fully decorated wreath to display.
